CHAPTER I

INFORMATION FOR STUDENTS AND PARENTS/GUARDIANS

This page has been intentionally left blank.

Introduction

The primary objective of Miami-Dade County Public Schools (M-DCPS) is to enhance each student's potential for learning and to foster positive interpersonal relationships. M-DCPS supports the concept that students who possess personal, academic, civic and occupational adequacies will become effective and productive citizens. Students must develop and accept the responsibilities and obligations of citizenship. This document helps students take control of their own learning and their ability to positively alter outcomes by employing appropriate personal choices and skills.

The Code of Student Conduct is the District's policy that creates a safe learning environment to ensure academic success. If this objective is to be accomplished, it is necessary that the school environment be a safe and supportive community. The "reculturing" of the school to a positive school climate not only supports academic achievement and promotes fairness, civility, acceptance of diversity, and mutual respect.

To enhance its effectiveness, this document addresses not only the role of the parents, the students, and school, but also core values and model student behavior, rights and responsibilities of students, procedures for using corrective strategies, including suspension and expulsion. The District promotes the following beliefs:

- All students are valuable and can make worthy contributions to society.
- All students are responsible and accountable for their choices and decisions.
- In order to grow and thrive, individuals need caring relationships and a nurturing environment.
- Supportive family relationships are the foundation of the community.
- High expectations lead to higher performance that empower individuals and strengthen society.
- Continuous learning is a lifelong process that is essential to a productive and enriched life.

Students parents, and employees are encouraged to read the Code of Student Conduct and become familiar with its content. Related School Board Rules may be found on the Miami-Dade Public Schools Website at <http://www2.dadeschools.net/schoolboard/rules/>. Included within the School Board Rules is the District manual entitled *Procedures for Promoting and Maintaining a Safe Learning Environment*, which administrators utilize to implement the Code of Student Conduct.

CORE VALUES AND EXAMPLES OF MODEL STUDENT BEHAVIOR

The Miami-Dade County Public Schools District is committed to helping all students in developing the values necessary to participate as caring, responsible citizens in our nation’s democracy. The following core values were adopted by the School Board on July 26, 1995.

<i>Citizenship</i>	Helping to create a society based upon democratic values including rules of law, equality of opportunity, due process, reasoned argument, representative government, checks and balances, rights and responsibilities and democratic decision-making, e.g., <i>obeying classroom and school rules.</i>
<i>Cooperation</i>	Working together toward goals as basic as human survival in an increasingly interdependent world, e.g., <i>being a member of the team on the athletic field.</i>
<i>Fairness</i>	Treating people impartially, not playing favorites, being open-minded, and maintaining an objective attitude toward those whose actions and ideas are different from our own, e.g., <i>treating people the same, regardless of their ethnicity, race, religion, gender, or physical condition.</i>
<i>Honesty</i>	Dealing truthfully with people, being sincere, not deceiving them or stealing from them, not cheating or lying, e.g., <i>doing one’s own work when taking a test or working on an individual assignment.</i>
<i>Integrity</i>	Standing up for your beliefs about what is right and what is wrong and resisting social pressure to do wrong, e.g., <i>expressing one’s conviction in a group of peers although it may not be popular with the majority.</i>
<i>Kindness</i>	Being sympathetic, helpful, compassionate, benevolent, agreeable and gentle toward people and other living things, e.g., <i>helping a fellow student who has been injured.</i>
<i>Pursuit of Excellence</i>	Doing your best with the talents you have, striving toward a goal and not giving up, e.g., <i>putting forth one’s best effort when taking an exam or doing homework.</i>
<i>Respect</i>	Showing regard for the worth and dignity of someone or something, being courteous and polite, and judging all people on their merits. Respect takes three major forms: respect for oneself, respect for other people, and respect for all forms of life and the environment, e.g., <i>practicing acceptable manners in the school cafeteria.</i>
<i>Responsibility</i>	Thinking before you act and being accountable for your actions, paying attention to others, and responding to their needs. Responsibility emphasizes our positive obligations to care for each other, e.g., <i>performing a community service project.</i>

SAFEGUARDS: PROTECTING THE RIGHTS OF STUDENTS AND PARENTS/GUARDIANS

All corrective strategies used by school-site administrators must be in compliance with School Board rules and policies. Inherent in these rules and policies is the philosophy of fairness and consideration for actions that are in the best interest of students.

When confronted with an act that may require the imposition of corrective strategies by the school, the student and all other appropriate persons should be given the opportunity to explain the circumstances of the incident.

Students shall not be subjected to any corrective strategies for using a language other than English or because of a disability.

School administrators should communicate with parents/guardians when corrective strategies must be taken against a student.

Parents/guardians and students who disagree with certain strategies and decisions made at the school level have the right to the following formal complaint procedures:

- a school-level hearing;
- appeal of school-level decisions to the regional center office; and
- for expulsions, a hearing before an impartial hearing officer.

“Parents who know their children’s teachers
and help with the homework
and teach their kids right from wrong - -
these parents can make all the difference.”

STUDENT RIGHTS AND RESPONSIBILITIES

STUDENT RIGHTS AND RESPONSIBILITIES

It is the intent of this chapter to allow students maximum freedom under law, commensurate with the school's responsibility for student health, safety, and welfare. The rights and responsibilities presented in this section reflect the need for providing students with greater opportunities to serve themselves and society.

Students must realize that every right implies a responsibility, and should conduct themselves appropriately on and off campus. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly educational process. Students are citizens of the greater Miami-Dade Community and represent Miami-Dade Schools at all times.

NOWHERE IS IT STATED OR IMPLIED IN THE CODE OF STUDENT CONDUCT THAT THE SCHOOL SHOULD RELINQUISH AUTHORITY AND RESPONSIBILITY.

Right to Learn

Philosophical Basis:

All students, in accordance with their age, grade level, and maturity, have the right to be involved in their education. Course selection and participation in school activities are an integral part of learning. Students' opinions concerning course materials, content, and relevance are important and deserve analysis and consideration by educators.

Knowledge and Observation of Rules of Conduct

Philosophical Basis:

The most effective learning takes place in an atmosphere where students, parents/guardians, and school staff are fully aware of the grounds for corrective strategies and the procedures to be followed for violations of the Code of Student Conduct.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to a clear explanation of the Code of Student Conduct in understandable language. They have the right to know the consequences of their misconduct. 	<ul style="list-style-type: none"> • Students have the responsibility to become familiar with the Code of Student Conduct and to observe all school and classroom rules.

Respect for Persons and Property

Philosophical Basis:

Students have an obligation to assume responsibility for their own actions regarding respect for other persons and their property. The school must provide a climate that fosters respect for persons and property.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to be treated with courtesy and respect. • Students have the right to an environment where public or private property rights are respected. • Students have the right to expect safe conditions at school, at bus stops, on the school bus and during school-sponsored activities. • Students have the right to an environment free of harassment. 	<ul style="list-style-type: none"> • Students have the responsibility to show respect and courtesy to fellow students, all School Board personnel and campus visitors. • Students have the responsibility for neither taking nor damaging the property of fellow students, school personnel or the school. • Students have the responsibility to respect the privacy and property of persons living in areas surrounding schools and bus stops. Additionally, students have the responsibility to contribute to a safe learning environment by reporting criminal acts and potentially harmful or dangerous situations to an adult. • Students have the responsibility not to harass other students.

Participation in School Programs and Activities

Philosophical Basis:

Students learn from one another. Positive association with others may contribute to the overall goals of education. Schools have the responsibility to promote appropriate formal and informal school programs and activities among students.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to organize and participate in associations and extracurricular activities within the school that are organized for any proper and lawful purposes. Counseling Services

Philosophical Basis:

Personal concerns can seriously threaten and inhibit the educational development of students. Schools have the responsibility to make relevant and objective information available to students, to provide for students a comprehensive Student Services program, and to recommend students to agencies equipped with the facilities and resources necessary to offer additional, direct assistance.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to appropriate counseling that addresses their personal and educational needs within a reasonable period of time. • Students have the right of access to counselors who can assist by allocating the time, attention, and assistance without interruptions or cancellation of appointments. • Students have the right to be accurately informed, in a language they can understand, of all support programs available. • Students have the right to request a change of counselor. 	<ul style="list-style-type: none"> • Students have the responsibility to schedule appointments in advance unless their problem or concern is an emergency. • Students have the responsibility to keep scheduled appointments in a timely manner and to respect the rights of others in accessing the counselor’s services. • Students have the responsibility to use these services for their educational, career, and personal development. • Students have the responsibility to work cooperatively with the administration in seeking this change.

Student Records

Philosophical Basis:

Student records are intended to provide information that can be used to develop the best possible educational program for each student. A well developed record contains information useful for advisement, counseling, individual instructional program design, recommendations for advanced study, job placement and other information needed for making appropriate educational decisions. Care must be exercised by the school staff to assure that student records are treated confidentially and that the information contained therein is relevant, accurate, and appropriate.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Parents/guardians and eligible students (18 years of age or attending a post-secondary institution) have the right to inspect, review, and challenge the information contained in records directly relating to the student. This access may not be denied because of failure to pay fees or book fines. • Parents/guardians and eligible students have the right to restrict the release of directory information. • Students have the right to be protected by legal provisions that prohibit the release of personally identifiable information to unauthorized persons without the consent of the parents/guardians or eligible student. 	<ul style="list-style-type: none"> • Parents/guardians and eligible students have the responsibility to provide the school with any information that may be useful in making appropriate educational decisions. Parents/guardians and eligible students have the responsibility to meet their financial obligations as it relates to school fees. • Parents/guardians and eligible students have the responsibility to release information to those persons or agencies who are working actively and constructively for the benefit of the student. • Parents/guardians and eligible students have the responsibility to notify the school of any change of address, telephone numbers, and other pertinent personal data.

Attendance

Philosophical Basis:

School administrators have an obligation under state law to enforce compulsory school attendance laws. Students have an obligation to avail themselves of the opportunity for public school education, an education that should help the students develop the skills and knowledge necessary to function in a modern, democratic society.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to information on rules, policies and procedures that clearly define excused absences, unexcused absences, and tardies. • Students have the right not to be penalized in any way for excused absences. Participation in a school-sponsored activity shall be considered an excused absence. • Students have the right to make up classwork within three days of returning to school in the case of an excused absence or absence because of suspension. 	<ul style="list-style-type: none"> • Students have the responsibility to take advantage of their educational opportunity by attending all classes daily and on time, unless circumstances beyond their control prevent them from doing so. • Students have the responsibility to provide the school an adequate explanation for an absence with appropriate documentation. • Students have the responsibility to request the make-up assignments from their teachers for excused absences upon their return to school and to complete this work within three days.

Grades

Philosophical Basis:

Grades, at best, are but an indicator of the students’ knowledge or skill at any particular time. Grades are not necessarily an accurate gauge as to whether learning has taken place. However, since much emphasis is placed upon grades, students’ academic grades should reflect the teacher’s most objective assessment of students’ academic achievement. Academic grades should not be used as a threat in order to maintain classroom decorum.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to be informed of the teacher’s grading criteria, which is consistent with district guidelines, at the beginning of each grading period. • Students have the right to receive an academic grade that reflects their achievement. • Students have the right to be notified when they are performing unsatisfactorily. • Students have the right to receive a conduct and effort grade in each class consistent with their overall behavior and effort. • Students have the right to achieve academic success based upon their own initiative and ability without interference from others. 	<ul style="list-style-type: none"> • Students have the responsibility to ask teachers in advance of a graded assignment for an explanation of any grading criteria or practice they may question or that needs clarification. • Students have the responsibility to maintain reasonable standards of academic performance commensurate with their ability. • Students have the responsibility to make every effort to improve their performance upon receipt or notification of unsatisfactory performance. • Students have the responsibility to conduct themselves in each class in ways that are conducive to the learning process. • Students have the responsibility to earn grades based upon their performance while guarding against cheating by other students.

Marriage, Pregnancy and Parenthood

Philosophical Basis:

Students who are married, parents/guardians, or expectant parents/guardians do not lose their right to free public education. It is, therefore, the responsibility of the public schools to encourage their continued education through the implementation of positive policies and the development of appropriate educational programs.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students who are married, parents/guardians of expectant students have the right to remain in the regular school program, including appropriate extracurricular activities, or to attend one of the specialized programs designed to meet their particular needs. • Students have the right, upon request, to be referred to an appropriate agency for special counseling regarding marriage, pregnancy, and parenthood/guardianship. 	<ul style="list-style-type: none"> • Students have the responsibility to request professional medical advice regarding continued school attendance. • Students have the responsibility to request special counseling regarding marriage, pregnancy, and parenthood/guardianship.

Free Speech, Expression and Assembly

Philosophical Basis:

One of the basic purposes of education is to prepare students for responsible self-expression in a democratic society. Citizens in our democracy are permitted self-expression under the First and Fourteenth Amendments of the United States Constitution. Full opportunity should be provided for students to inquire, to question, and to exchange ideas. They should be encouraged to participate in discussions in which many points of view, including those that are controversial, are freely expressed.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • The Pledge of Allegiance is a statement of American ideals, and students shall be protected in their right to affirm their identity with these ideals. However, students who, because of religious or other deeply-held personal convictions, do not wish to participate in the pledge may, upon written request of their parent/guardian, refrain from participation. • Students have the right to refrain from any activity that violates the precepts of their religion. • Students have the right to express themselves by speaking, writing, wearing, or displaying symbols of ethnic, cultural, or political values. • Students have the right to petition and survey student opinion in accordance with the procedures established by the principal. • Students have the right to form and express their own opinions on controversial issues without jeopardizing relations with their teachers or the school. • Students have the right to assemble peacefully on school grounds or in school buildings. Exercise of this right shall be denied only on occasion when it substantially and directly endangers physical health or safety, damages property, or seriously and immediately disrupts the activities of others. 	<ul style="list-style-type: none"> • Students have the responsibility to act in a manner that preserves the dignity of the occasion. • Students have the responsibility to respect the religious beliefs of others. • Students have the responsibility to accept the rights of others to have differing viewpoints and to express themselves on those issues with which they disagree, in a manner that does not infringe upon the rights of others or interfere with the orderly educational process of the school. This should be done in a manner that is not obscene, libelous, or in violation of the school dress code. • Students initiating a petition or survey have the responsibility to ensure its reasonableness and accuracy. • Students have the responsibility to become informed and knowledgeable about controversial issues and to express their opinion respectfully and without disrupting the educational environment or violating school rules. • Students have the responsibility to plan, seek approval of, and conduct activities that are consistent with the educational objectives of the school.

Student Government

Philosophical Basis:

To a large extent, the respect afforded a student government is a result of its active and constructive involvement in the daily operation of the school. In order to be effective, student government and its concomitant responsibilities suggest that representatives be given an opportunity to participate in those decisions that affect the learning climate of the school. To enhance the deliberating process, School Board rules and individual school policies should be available to students in a specific location. Respected student governments are forums for expression, discussion, and action regarding the important issues of the day. All members of the school community share the responsibility for shaping student governments into positive instruments of student involvement.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right, under the direction of a faculty advisor, to form and operate a student government within their respective schools. • Students have the right to recommend and/or confirm members of the faculty to serve as sponsors for their school's student government organization. • Students have the right to seek office in student government or any organization, regardless of gender, race, color, religion, ethnic or national origin, political beliefs, marital status, age, sexual orientation, social and family background, linguistic preference, pregnancy or disability. • Student government officers and representatives have the right to attend official student government meetings during school hours. 	<ul style="list-style-type: none"> • Student government officers and representatives have the responsibility to be alert to the needs of the school and concerns of the student body, and to work toward addressing them. • Students have the responsibility to secure the prior consent of any faculty member recommended. • Students have the responsibility to conduct election campaigns in a positive, mature manner, with respect shown for their opponents. • Students have the responsibility to participate in meetings regularly and to conduct themselves in an appropriate manner, to demonstrate positive leadership in school government, and to operate within School Board rules and school regulations.

Publications

Philosophical Basis:

The primary liberties in students' lives have to do with the process of inquiry and learning, of acquiring and imparting knowledge, and of exchanging ideas. This process requires that students have the right to express opinions, to take stands, and to support causes publicly or privately. One of the important roles of the school is to provide effective avenues through which students may express themselves on a wide range of subjects. Official school publications, such as school newspapers, should reflect the policy and judgment of the student editors and should include viewpoints representative of the entire school community.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to possess, post and distribute any forms of literature that are not inherently substantially disruptive to the school program including, but not limited to, newspapers, magazines, leaflets and pamphlets. • Students have the right to be free from censorship of their publications except within the framework of guidelines previously agreed upon by current students and administrators. 	<ul style="list-style-type: none"> • Students have the responsibility to use only those bulletin boards or wall area designated for use by students and student organizations, to seek approval for distribution of materials, and to accept responsibility for the effect that the posting, publication, or distribution of this literature might have on the normal activities of the school. • Students have the responsibility to refrain from publishing libelous and obscene materials, to seek full information on the topics they write about, and to observe the normal rules for responsible journalism.
<p><i>Principals may restrict literature they consider primarily commercial in nature or disruptive to the orderly operation of the school.</i></p>	

Search and Seizure

Philosophical Basis:

Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property guaranteed by the Fourth Amendment of the United States Constitution. That individual's right, however, is balanced by the school's responsibility to protect the health, safety, and welfare of all its students.

Rights:	Responsibilities:
<ul style="list-style-type: none">• Students have the right to privacy regarding their personal possessions unless the principal has a reasonable suspicion that they are in possession of or concealing materials prohibited by law.• Students have the right to prior notification of any general search of lockers, except in emergency situations.• Students have the right to use authorized locks on school-owned lockers.• Students have the right to notice that they may be subject to search for weapons by metal detectors while on school grounds or at school functions at any time.*	<ul style="list-style-type: none">• Students have the responsibility not to carry or conceal any material prohibited by law or by the Code of Student Conduct.• Students are responsible for the contents of their lockers.• Students have the responsibility to adhere to policies governing the use of school lockers.
<p>* <i>School personnel and/or members of the Miami-Dade Schools Police Department have the right to search lockers if there are reasonable grounds for suspecting that the contents include weapons, stolen goods, contraband*, illegal controlled substances or mood modifiers.</i></p> <p><i>Signs that advise students and visitors that they are subject to search for weapons by metal detectors will be posted in prominent locations at each secondary school and adult vocational site.</i></p>	

Complaint Procedures

Philosophical Basis:

A formal complaint is a situation occurring in the course of the school’s operation that causes students to consider themselves aggrieved. Schools are responsible for providing mechanisms for the expression and resolution of formal complaints.

Rights:	Responsibilities:
<ul style="list-style-type: none"> • Students have the right to a standard procedure for the resolution of formal complaints through a process that includes appropriate lines of communication, adherence to a time line, and a method of appeal. • Students have the right to expect that discrimination and formal complaints will be resolved in an expeditious, orderly, and equitable manner. • Formal complaint procedures with the office of Civil Rights Compliance apply to those situations in that students believe themselves to be victims of discrimination based on gender, race, color, religion, ethnic or national origin, political beliefs, marital status, age, sexual orientation, social and family background, linguistic preference, pregnancy or disability. Formal complaint procedures also apply in situations in which students believe themselves to be victims of harassment, including sexual harassment.* • Parents/guardians may request a hearing before an impartial hearing officer, in instances of recommendation for expulsion. 	<ul style="list-style-type: none"> • Students have the responsibility to discuss their complaints informally with the persons involved prior to invoking the formal complaint procedures, unless they feel they are unable to resolve the grievance at the school level. • Students have the responsibility to state the formal complaint clearly, to follow established procedures for resolving a formal complaint, and to accept the decision that is rendered and to file a timely appeal.
<p>* Harassment (Civil Rights) and Sexual Harassment do not require a SPAR, but must be reported to the Civil Rights Compliance Office at 305-995-1580.</p>

VITAL ALERTS FOR STUDENTS AND PARENTS/GUARDIANS AND FORMAL CORRECTIVE STRATEGIES RECOGNIZED IN THE CODE OF STUDENT CONDUCT

This page has been intentionally left blank.

VITAL ALERTS FOR STUDENTS AND PARENTS/GUARDIANS

<p>ALERT: ZERO TOLERANCE POLICY</p>	<p>The School Board enforces the Florida Department of Education Zero Tolerance Policy on school violence, crime, and the use of weapons. As an approach to reducing school violence, the intent of the policy is to provide a safe school climate that is drug-free and protects student health, safety, and civil rights.</p> <p>This policy requires the school district to impose the most severe consequences provided for in the Code of Student Conduct in dealing with students who engage in violent criminal acts, such as</p> <ul style="list-style-type: none"> • homicide; • sexual battery; • aggravated battery on non-school personnel; • assault or battery on a teacher or other school personnel; • kidnapping or abduction; • arson; • possession, use, or sale of any firearm; and • possession, use, or sale of any explosive device on school property, on school-sponsored transportation, or during school-sponsored activities. <p>The State of Florida Juvenile Justice Reform Act of 1965 requires the School District to link juvenile violent incidents to the action taken by the student’s school and the District. The District is required to collect data about violent incidents involving students during each school year and transmit a report to the state. Certain infractions in the Code of Student Conduct may result in criminal penalties as well as utilization of administrative corrective strategies.</p>
<p>ALERT: OFF- CAMPUS FELONY OFFENSES</p>	<p>To minimize off-campus acts that might have an adverse impact on the school environment, the District office will send to schools notifications for those students who have been taken into custody for and/or are formally charged with an off-campus felony or delinquent act that would be a felony if committed by an adult. The principal has the jurisdiction to impose administrative action against those students who are formally charged if, after an administrative hearing with notice provided to the parent/guardian of the student, it is shown that the incident has an adverse impact on the educational program, discipline, or welfare of the school. This policy can be found in <i>Procedures for Promoting and Maintaining a Safe Learning Environment Guideline #12</i>.</p> <p>Students and parents/guardians should be aware that felony offenses can have a serious impact on an individual’s future, including the following:</p> <ul style="list-style-type: none"> • criminal penalties; • loss of scholarship eligibility; • loss of voting privileges; • loss of employment opportunities; and/or • loss of driving privileges.

<p>ALERT: WIRELESS COMMUNICATION DEVICES</p>	<p>Wireless communication devices include two-way communication devices, such as cellular phones, mobile phones, MP3 players, electronic games, beepers, pagers, portable computers, personal organizers, and similar wireless devices. Possessing a wireless communication device is not a violation of the Code of Student Conduct. However, a student should not disrupt the educational process or interfere with the safety-to-life issues of students by using a wireless communication device.</p> <p>The following rules must be followed regarding the possession, use, and display of wireless communication devices:</p> <ul style="list-style-type: none">• Students may possess, display and use wireless communication devices before or after the instructional day.• Students shall avoid classroom disruptions, by not displaying, using, or activating wireless communication devices during the instructional day. This includes during class, in the library, during lunch breaks, during class changes and during any other structured activity.• Students must ensure that devices are turned off during the instructional day.• Students shall not use wireless communication devices while being transported on a school bus.• Students must conceal wireless communication devices in a backpack, pocket, purse or other container during the instructional day.• The school is not responsible if a student’s wireless communication device is lost or stolen. <p>The sole possession of a cellular telephone is not a violation of the Code of Student Conduct. However, the possession of a cellular telephone that disrupts the educational process, the use of the cellular telephone during school hours, use of a cellular phone to commit a crime, and the possession or use of a cellular telephone that disrupts or interferes with the safety-to-life issue for students being transported on a Miami-Dade County Public Schools bus, are infractions of the Code of Student Conduct.</p>

Assistant Secretary
Office of Educational Research and Improvement

<p>ALERT: UTILIZATION OF THE INTERNET AND INAPPROPRIATE USE OF COMPUTERS</p>	<p>Over the past few years, computers have become common household devices and popular in our schools and media centers. Students are encouraged to use computers, networks, and online telecommunication such as the Internet and electronic mail (e-mail). While exercising the right to use available technology, students must be aware of their responsibility as users. Advancement of technology has enabled many students with the access and opportunity to commit offenses that violate the Code of Student Conduct.</p> <p>The following are examples of improper uses of technology and are violations of the Code of Student Conduct:</p> <ul style="list-style-type: none"> • Using the network to send or receive obscene or lewd material; • Using the network to make threats against anyone or the school; • Sending electronic mail that threatens to do bodily harm to another student that might be considered assault or cyber-bullying; • Downloading pirated software (is comparable to stealing); • Willfully and knowingly obtaining an unauthorized access to or “hacking” into the school’s computer system (constitutes vandalism); • Using, without authorization, school property, a school computer or other electronic device, and damaging a school’s computer system or causing the computer to “crash” (constitutes a “computer-related” crime leading to criminal charges). <p>These are only a few examples of violations committed through electronic means. The school administration will evaluate and determine the appropriate level infraction under the Code of Student Conduct. Refer to the School Board Rule 6Gx13-<u>6A-1.112</u> for further explanation.</p>
<p>ALERT: CORPORAL PUNISHMENT</p>	<p>The use of corporal punishment is prohibited in Miami-Dade County Public Schools. This prohibition extends to parents/guardians on school grounds.</p>

“The American family is the rock
 on which a solid education can be built.
 I have seen examples all over this nation where two-parent families,
 single parents, stepparents, grandparents, aunts,
 and uncles are providing strong family support
 for their children to learn.
 If families teach the love of learning,
 it can make all the
 difference in the world to their children.”

Richard W. Riley
 U.S. Secretary of Education

<p>ALERT: INDIVIDUALS WITH DISABILITIES IN EDUCATION ACT (IDEA); STUDENTS WITH A 504 PLAN</p>	<p>Behavior modification interventions that are used to address actions committed by students who meet the guidelines established by the Individuals with Disabilities in Education Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1973 must adhere to federal law, Florida Statutes, Florida Board of Education Rules, and Miami-Dade County School Board rules.</p> <p>Suspensions and expulsions for more than ten (10) consecutive days and/or a pattern of suspensions and expulsions that exceed ten (10) days in a school year may be considered “changes in placement” for students with disabilities who have a Section 504 Plan or who are enrolled in exceptional education placement under IDEA. When the student is removed from his/her educational placement for more than ten (10) days, a manifestation determination must be conducted and the student must be provided appropriate educational services in order to provide a free appropriate education.</p> <p>Discipline guidelines for IDEA students with disabilities are specified in the District’s <i>Special Programs and Procedures for Exceptional Students</i> document and discipline guidelines for Section 504 students with disabilities are outlined in the District’s <i>Section 504 Procedures for Students with Disabilities</i> document.</p>

TIPS FOR PARENTS

Ask about the school’s homework policy.

- What kinds of assignments will be given?
- How long are children expected to take to complete them?
- How does the teacher want you to be involved?
 - Look over completed assignments.

<p>ALERT: PROCEDURES FOR IMPLEMENTING THE 45-SCHOOL DAY ALTERNATIVE PLACEMENT RULE FOR STUDENTS WITH DISABILITIES</p>	<p>The Individuals with Disabilities in Education Act (2004), at 20 USC 1415 (k)(1)(G)(i)-(iii), identifies three specific instances of conduct that may trigger immediate unilateral placement of a student with a disability in an Interim Alternative Educational Setting (IAES), <u>without regard to whether the behavior is determined to be a manifestation of the student's disability.</u></p> <p>School personnel may remove a student to an IAES for not more than 45 <u>school</u> days without regard to whether his or her behavior is determined to be a manifestation of the student's disability, in cases where a student</p> <ol style="list-style-type: none">i. carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or local educational agency;ii. knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; oriii. inflicts serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. <p><u>Procedures:</u></p> <p>When a student commits one of the special circumstances listed above, the following steps must be taken:</p> <ol style="list-style-type: none">1. The school where the incident occurred (“sending school”) must immediately place an E5 in the Student Case Management System (SCMS), send a FM6562 to altd@dadeschools.net, and follow up to ensure that a School Police Automated Report (SPAR) is entered in the SCMS as quickly as is possible.2. The sending school must give three forms to the parent/guardian:<ul style="list-style-type: none">• An Informed Notice of Proposal or Refusal to Change Evaluation, Identification, Educational Placement or Free Appropriate Education (FM 4877);• A Notice of 10–Day Suspension – Consideration for Expulsion (FM 1582); and• Summary of Procedural Safeguards for parents/guardians of Students with Disabilities (FM6335).3. The sending school must immediately notify School Operations/Alternative Education (SO/AE), who will assign the student to the IAES placement within two (2) school days. There is no stay-put placement at the sending school at that time, regardless of whether the parent/guardian files a request for a Due Process hearing.

Within ten (10) days of the incident and transfer of the student to the IAES, an IEP meeting must be convened to determine if the student’s behavior was a manifestation of his or her disability. The sending school <u>must</u> be represented at the IEP meeting.7. If the behavior IS NOT <u>determined to be a manifestation of the student’s disability</u>, the IAES must continue to implement the IEP provided by the sending school.8. FORMAL CORRECTIVE STRATEGIES RECOGNIZED IN THE CODE OF STUDENT CONDUCT

<p>TEMPORARY REMOVAL FROM CLASS</p>	<p>If a student is disruptive in class, the teacher may request assistance from a school administrator to have the student temporarily assigned elsewhere. The principal may utilize various Board-approved programs to address the student’s behavior. The principal should consider the teacher’s recommendations.</p>
<p>PERMANENT REMOVAL FROM CLASS</p>	<p>A teacher may remove from class a student whose behavior the teacher determines interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn. This includes disobedient, violent, abusive, uncontrollable, or disruptive students. In such cases the principal shall be notified immediately and the teacher shall be entitled to receive, prior to or upon return of the student to class, a copy of the Student Case Management Form (SCM) describing corrective strategies taken.</p> <p>Each school must establish a Placement Review Committee to determine appropriate placement of the student when the teacher has withheld consent for return to the teacher’s class. The committee consists of at least two teachers, one selected by the faculty and one selected by the teacher who has removed the student, along with one member from the school’s staff selected by the principal. The teacher who requested the removal may not serve on the committee. The parent/guardian of the student must be informed of the Placement Review Committee and be provided the opportunity to communicate with the committee on behalf of the student. The committee must render a decision within 5 days after the removal of the student from the classroom and may either: (1) place the student in another class, or (2) return the student to the teacher’s class. The teacher may appeal the committee’s decision to the Superintendent.</p> <p>In the case of a student with a disability, the Individual Educational Plan (IEP) committee may need to determine appropriate placement. Removal from a particular class should not effectuate a denial of IEP or Limited English Proficient (LEP) services.</p>
<p>INDOOR SUSPENSION/ ASSIGNMENT TO SCHOOL CENTER FOR SPECIAL INSTRUCTION (SCSI)</p>	<p>As an alternative to outdoor suspension from school, the principal may elect to use any supervised Board-approved alternative. One such option is to assign the student to the School Center for Special Instruction (SCSI). The center should be designed to provide tutorial and guidance services. Parents/guardians may request this action as an alternative to outdoor suspension, but the final decision rests with the principal.</p> <p>When misconduct in a class results in an assignment to SCSI, the student should be removed from only the class where the misconduct occurred. Continued misconduct can result in removal from all classes if deemed appropriate by the principal.</p>

<p>ASSIGNMENT TO AN ALTERNATIVE INTERVENTION COUNSELING CENTER</p>	<p>As an alternative to suspension from school, the principal may elect to assign a student to the Alternative Intervention Counseling Center. The Alternative Intervention Counseling Center Program is an alternative to suspension that provides individual/group counseling services for students with substance-related and/or other self-defeating behavior. Parents/guardians may request this action as an alternative to outdoor suspension, but the final decision rests with the principal.</p>
<p>PEER MEDIATION</p>	<p>The principal may elect to establish a peer mediation program designed to resolve problems addressed in the Code of Student Conduct. The establishment and use of this program rests with the principal.</p>
<p>OTHER ALTERNATIVES</p>	<p>Other alternatives, including after-school detention, Saturday School, or other programs available at the school, may be utilized.</p> <p>When the principal utilizes an alternative to suspension, the student shall be afforded the same due process procedures that are applicable to outdoor suspension, including written notice within 24 hours by U.S. mail.</p>
<p>DENIAL OF BUS PRIVILEGES</p>	<p>Students can be denied the privilege of riding a school bus for persistent or serious violations of the Code of Student Conduct that occur on the bus or at the bus stop. The revocation of a student’s bus privilege may or may not impact the student’s educational participation. Such action may be taken by the school principal, who subsequently informs the student and parent/guardian of the denial of bus privileges and requests a parent/guardian conference. Such privileges may be restored by the principal following a conference with the parent/guardian and student when there is good reason to believe that the conduct in question will not recur.</p>
<p>DENIAL OF THE PRIVILEGE OF PARTICIPATING IN SOCIAL AND/OR EXTRACURRICULAR ACTIVITIES</p>	<p>Students may be denied the privilege of participating in social and/or extracurricular activities if they have been disruptive in school or at social and/or extracurricular activities. They may also be denied this privilege if they have been convicted, or found to have committed a felony or a delinquent act that would have been a felony if committed by an adult, and a determination has been made that the incident has an adverse impact on the educational program, discipline or welfare in the school. In addition, for senior high school students, any arrest will result in an immediate minimum 10 day prohibition from participation in interscholastic competitions or performance, including practices.</p>

TIPS FOR PARENTS

- Read with you children.
- Talk to your children and teenagers—and listen to them, too.
 - Set high expectations for your children.

<p>OUTDOOR SUSPENSION</p>	<p>A principal may suspend a student from school for one (1) to ten (10) days for persistent disobedience and/or serious misconduct. Principals take this action when they have exhausted informal corrective strategies, or when they have at least considered those alternatives and rejected them as inappropriate in a given situation.</p> <p>Outdoor suspension is appropriate under the following conditions:</p> <ul style="list-style-type: none"> • The student’s presence in school presents a physical danger to the student or others; • A “cooling off” period is needed to relieve tensions and relieve pressure; and/or • The student and/or parent/guardian refuse an alternative to suspension. <p>A suspended student has the right to request and obtain make-up assignments for the time he or she was suspended from school. It is the responsibility of the student to request make-up work for assignments missed due a suspension.</p> <p>A suspended student is entitled to be notified of the reason for suspension and an opportunity to be heard. Parents/Guardians must be provided notice within 24 hours by U.S. mail.</p>
<p>DIVERSION CENTER</p>	<p>Diversion centers are private centers approved by the School Board to provide educational services to students who have been assigned to outdoor suspension. These centers help to reduce crime by providing an alternative instructional setting for suspended students. Attendance at the centers is optional.</p>
<p>ASSIGNMENT TO OPPORTUNITY SCHOOL</p>	<p>A principal may request an administrative placement in an Opportunity School Program. This action is taken only when less severe strategies are deemed inappropriate. If the nature of the student’s behavior warrants, the Superintendent’s designee will approve the request and assign the student to one of the opportunity schools. This assignment will remain in effect until the appropriate administrator determines that the student is ready to return to the regular school program.</p>

TIPS FOR PARENTS

That when families get involved, their children:

- Get better grades and test scores.
- Graduate from high school at higher rates.
- Are more likely to go on to higher education.

EXPULSION	<p>A principal may request that the Superintendent recommend to the School Board that a student be expelled. Principals may take this action when they have exhausted less severe administrative corrective strategies, or when they have considered those alternatives and rejected them as inappropriate in the given situation.</p> <p>If a student who is currently enrolled in an exceptional student education program or who has a Section 504 Plan commits a disruptive act of sufficient severity that warrants a recommendation for expulsion, the student must be referred immediately to the Regional Center Assistant Superintendent and the Regional Center Exceptional Student Placement Committee.</p> <p>Only the School Board can approve an expulsion. The maximum period of time for an expulsion may not exceed the remainder of the term or school year, the summer session, plus one additional school year of attendance. An expelled student is entitled to due process, including a hearing.</p>
WORK BACK PROGRAM IN LIEU OF EXPULSION	<p>The School Board has authorized the Superintendent to modify the expulsion process and allow staff the authority to develop a Work Back Program in Lieu of Expulsion, consistent with existing guidelines, for all students who are presently being recommended to the Board for expulsion, except in those cases for that procedures do not allow for a Work Back Program. Students recommended for expulsion as a result of Level V infractions will be ineligible for the Work Back Program in Lieu of Expulsion.</p>

Best Practices and Suggestions for Rewarding Model Student Behavior

The District believes in the dignity, worth, and potential of each and every student, and provides opportunities to enable all students to make the dream of education a reality. In fulfillment of these ideals, the vision of the Superintendent of Schools is to encourage and recognize positive model student behavior, which means, our purpose is to reward and recognize students for striving to do their best, and for giving respect to fellow students and teachers.

Studies have revealed that model student behavior improves when students

- know what is expected of them at school;
- believe they have the academic and social skills to achieve;
- are recognized and given praise for doing good work or behaving appropriately;
- feel that there is someone at school who seems to care about them as people; and
- believe there is someone at school who encourages their development.

Studies also indicate the importance of parental support

- Student achievement related to parent support is not limited to the early years, but is significant at all ages and grade levels.
- Children of involved parents achieve more regardless of socioeconomic status, ethnic/racial background, or the parents' educational level.
- Children of involved parents exhibit more positive attitudes and behavior.
- Children of involved parents have fewer instances of alcohol use, violence, and antisocial behavior.
- Children of involved parents have higher grades, test scores and better attendance, and are more likely to graduate from high school and have greater enrollment in post-secondary education.

Research offers some suggestions for schools to clearly communicate expectations for model student behavior

- The school must provide a well-written set of model student behavior expectations for the school.
- The set of expectations is short (generally from 5 to 7 items).
- Students should be involved in the development, refinement, and communication of the expectations of model student behavior.
- The model student behavior expectations are statements of how to achieve model behavior, rather than what not to do.
- Model student behavior expectations are posted prominently throughout the school.
- Model student behavior expectations are emphasized in each classroom (e.g. explicitly taught, reminded, and encouraged).
- Students should be encouraged to remember and repeat statements of model student behavior.

Positive Behavior Support (PBS) is an approach for teaching children appropriate behavior and providing the support necessary to sustain that behavior. Four principles of PBS are

- communicate high academic and behavioral expectations to students;
- encourage positive relationships with adults;
- emphasize goal-setting, academic achievement and positive social development with a teaching emphasis (with accompanying low tolerance for mistakes and misbehavior); and
- reinforce positive behavior.

Teachers regularly send postcards to parents when students do something outstanding.

The Kind Acts Foundation, www.KindActs.org, offers PK-12 teachers an easy way to honor students formally for kind deeds. The foundation sends a personalized certificate detailing the child's kind act, along with a Kind Acts lapel pin, to any teacher making a request at the Kind Acts Foundation website. The teacher decides how to present the certificate and pin to the student. The Kind Acts Foundation is privately funded, so there is no cost. For more information about this foundation, contact

The Importance of Developing Time Management Skills

Time management is an important skill for students of all ages. From studying for school to being an adult and working at a job, time management skills are essential to becoming productive. It has been proven that those who manage their time well, whether in school, work, or exercise, develop good study habits and responsible behavior. Effectively prioritizing tasks is the key to achieving goals.

Time management training provides the theory and practice needed to make the best use of time. In order to apply time management principles effectively individuals first have to

- accept time management as a personal responsibility;
- have a strong and motivating vision of what an ideal life would be like if students were in better control of their time;
- have clear and specific goals relating to achievement;
- devise a schedule and follow it in order to make this happen, and stick to the plan; and
- realize that students (and probably other people) will have to change their way of doing things.

When students manage time wisely to achieve their goals, they will feel fulfilled, productive and in control of their lives. Students will be happier, calmer and more effective. If students can achieve this state, they will truly be managing their time to make a difference.

“Time is the coin of your life. It is the only coin you have,
and only you can determine how it will be spent.
Be careful lest you let other people spend it for you.”

Carl Sandburg (1878-1967)

Time Management Tips for High School Students

It's 10 P.M.—Do You Know Where Your Homework Is?

Does it seem like there's never enough time in the day to get everything done? Feel like you're always running late? Here are some tips for taking control of your time and organizing your life.

1. Make a "To Do" List Every Day.

Put things that are most important at the top and do them first. If it's easier, use a planner to track all of your tasks. And don't forget to reward yourself for your accomplishments.

2. Use Spare Minutes Wisely.

Get some reading done on the bus ride home from school, for example, and you'll kill two birds with one stone.

3. It's Okay to Say "No."

If your boss asks you to work on a Thursday night and you have a final exam the next morning, realize that it's okay to say no. Keep your short- and long-term priorities in mind.

4. Find the Right Time.

You'll work more efficiently if you figure out when you do your best work. For example, if your brain handles math better in the afternoon, don't wait to do it until late at night.

5. Review Your Notes Every Day.

You'll reinforce what you've learned, so you need less time to study. You'll also be ready if your teacher calls on you or gives a pop quiz.

6. Get a Good Night's Sleep.

Running on empty makes the day seem longer and your tasks seem more difficult.

7. Communicate Your Schedule to Others.

If phone calls are proving to be a distraction, tell your friends that you take social calls from 7-8 p.m. It may sound silly, but it helps.

8. Become a Taskmaster.

Figure out how much free time you have each week. Give yourself a time budget and plan your activities accordingly.

9. Don't Waste Time Agonizing.

Have you ever wasted an entire evening by worrying about something that you're supposed to be doing? Was it worth it? Instead of agonizing and procrastinating, just do it.

10. Keep Things in Perspective.

Setting goals that are unrealistic sets you up for failure. While it's good to set high goals for yourself, be sure not to overdo it. Set goals that are difficult yet reachable.

Consider these tips, but personalize your habits so that they suit you. If you set priorities that fit your lifestyle, you'll have a better chance of achieving your goals.
